PROFIT WARNING

This announcement is made by True Partner Capital Holding Limited (the “**Company**”, together with its subsidiaries, the “**Group**”) pursuant to Rule 17.10 of the Rules Governing the Listing of Securities on GEM of The Stock Exchange of Hong Kong Limited (the “**GEM Listing Rules**”) and the Inside Information Provisions (as defined in GEM Listing Rules) under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong).

The board (the “**Board**”) of directors (the “**Directors**”) of the Company would like to inform the shareholders of the Company (the “**Shareholders**”) and potential investors that based on the preliminary review and assessment of the unaudited consolidated management accounts of the Group for the three months ended 31 March 2021 and other information currently available to the Board, the Group is expected to record a loss attributable to owners of the Company for the three months ended 31 March 2021 in the range of approximately HK\$4 million to HK\$5 million as compared to a net profit attributable to owners of the Company of HK\$10.64 million for the three months ended 31 March 2020.

Based on the information currently available to the Company, the Board believes that the estimated loss was mainly attributable to a decrease in revenue generated from performance fees, which may weigh heavily with our operating results. For the three months ended 31 March 2020, our performance fee income was approximately HK\$35.4 million. As a result of the less favourable market conditions for our volatility trading strategy during the three months ended 31 March 2021, it is expected that our performance fee income was reduced significantly. The Board considers that variability in revenues generated from performance fee over periods of time is an inherent component that accompanies the Group’s business model and an expected attribute of the model, and the Board remains confident in the long-term outlook for the Group. On another front, based on the information currently available to the Company, the

Company's assets under management grew from US\$1,373 million as of 31 March 2020 to US\$1,550 million as of 31 March 2021, representing an increase of 13% year-on-year. Consequently, revenue generated from management fees was expected to be higher for the three months ended 31 March 2021 than for the comparable period in 2020

The Company is in the process of finalizing the first quarterly results of the Group for the three months ended 31 March 2021. The information contained in this announcement is only based on a preliminary assessment by the Board of the unaudited consolidated management accounts of the Group and the information currently available to the Company and is not based on any figures or information that have been audited or reviewed by the Company's auditors. The figures contained in this announcement may be subject to adjustment based on updated information. Details of the Group's results will be disclosed as and when the first quarterly results of the Group for the three months ended 31 March 2021 is announced, currently expected to be on 13 May 2021.

The Shareholders of the Company and potential investors are advised to exercise caution when dealing in the shares of the Company.
