### **PROFIT WARNING**

This announcement is made by True Partner Capital Holding Limited (the “**Company**”, together with its subsidiaries, the “**Group**”) pursuant to Rule 17.10 of the Rules Governing the Listing of Securities on GEM of The Stock Exchange of Hong Kong Limited (the “**GEM Listing Rules**”) and the Inside Information Provisions (as defined in the GEM Listing Rules) under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong).

The board (the “**Board**”) of directors (the “**Directors**”) of the Company would like to inform the shareholders of the Company (the “**Shareholders**”) and potential investors that based on the preliminary review and assessment of the unaudited consolidated management accounts of the Group for the six months ended 30 June 2021 and other information currently available to the Board, the Group is expected to record a loss attributable to owners of the Company for the six months ended 30 June 2021 in the range of approximately HK\$10 million to HK\$12 million as compared to a net profit attributable to owners of the Company of HK\$12.8 million for the six months ended 30 June 2020.

Based on the information currently available to the Company, the Board believes that the estimated loss was mainly attributable to a decrease in revenue generated from performance fees, which can be an important constituent of our operating results. For the six months ended 30 June 2020, our performance fee income was approximately HK\$43.1 million. As a result of less favourable market conditions for our volatility trading strategy during the six months ended 30 June 2021, our performance fee income was reduced significantly. The Board considers that variability in revenues generated from performance fee over periods of time is an inherent component that accompanies the Group’s business model and an expected attribute of the model, and the Board remains confident in the long-term outlook for the Group. Based on the information currently available to the Company, the Company’s assets under management (“**AUM**”)

grew from US\$1.36 billion as of 30 June 2020 to US\$1.57 billion as of 30 June 2021 (note 1), representing an increase of 16% year-on-year. In addition, revenue generated from management fee was expected to remain relatively stable for the six months ended 30 June 2021 as compared to that for the six months ended 30 June 2020.

*Note 1:* The AUM of the Group is prepared on the basis that AUM figures are recalculated as at the last dealing date of the previous month reported by the administrator or custodian of each fund/managed account, which date may or may not be the last business day of the year/period. In line with the general market practice, subscriptions and redemptions on the last dealing date are not taken into account in arriving at the AUM figures.

The Company is in the process of finalising the interim results of the Group for the six months ended 30 June 2021. The information contained in this announcement is only based on a preliminary assessment by the Board of the unaudited consolidated management accounts of the Group and the information currently available to the Company and is not based on any figures or information that have been audited or reviewed by the Company's auditors. The figures contained in this announcement may be subject to adjustment based on updated information. Details of the Group's results will be disclosed as and when the interim results of the Group for the six months ended 30 June 2021 is announced, currently expected to be on 13 August 2021.

**The Shareholders of the Company and potential investors are advised to exercise caution when dealing in the shares of the Company.**
